Message from Chairperson

CA Santhosh TV Chairperson

Dear Readers,

Looking backward is perceived as a negative thought but occasionally it can be fulfilling. Especially when my term as the Chairperson is coming to an end. Leading a vibrant organization like BCICI is challenging yet satisfying.

The term started with easing of first wave of Covid-19 and governments across the world started lifting the travel restrictions. BCICAI took pioneer steps to lead the conversion back to physical from virtual and conducted a few physical CPE events and sports activities, where all other CA chapters across the world waited with fingers crossed. When we received enthusiastic support from speakers and sponsors, we decided to convert our planned one-day virtual International Conference to two-days physical conference. But the challenges faced were unimaginable, the second wave of Covid-19 started hitting across the world. In no time countries across the world started putting the travel restrictions. We were in no mans land just a week before the International Conference. The team stayed rock solid behind the plan and persuaded all the speakers and dignitaries to attend the event in physical. Enthusiastic support of our members ensured a memorable 13th International Conference.

Even though second wave of Covid-19 impacted heavily, BCICAI conducted all the events and programs as per the schedule and members participation were amazing. We have conducted more family events than any other year irrespective of the challenging time. Maiden family bowling event, Tree planting in pocket forest, Maiden Tennis Tournament, 75 Crore Suryanamskar Challenge, Cricket Tournament, Football Tournament, Badminton tournament to name a few among them.

This is the first time we have started our International Conference with a celebrity speaker, Mr. Ashish Vidyarthi. He rocked the stage and set a perfect tone for the 13th International Conference. We were fortunate to get some wonderful speakers like PR Ramesh, TP Oswal, Amar Patnaik, Mohit Ralhan, Viral Acharya among others to speak in our forum during the last year.

I am passing on the baton to CA Sharmila Shet, a very capable leader and an excellent team worker. I am confident that BCICAI will reach newer heights under the able leadership of CA Sharmila, the first women leader of our chapter. I wish all the best to CA Sharmila and her team for a wonderful and fulfilling term.

I have moved on from Bahrain with another carrier option, see you all soon during the AGM.

With Warm Regards,

Signing Off, CA Santhosh TV

Message from the Editorial Team

UNLEASHING THE POTENTIAL

Yoga at every home

Yoga is a light which once lit will never dim, the better your practice the brighter your flame.

A quick glance at our calendar for June & July 2022 witnessed benefits of Yoga as we dedicated the month with the theme "Yoga at every home" where we organized Yoga Quiz & programs which was conducted in association with the Indian Embassy and other Associations. Apart from the Yoga celebration we conducted several technical events & also BCICAI badminton tournament. This month also witnessed the BCICAI election where we introduced the new team followed by a technical session on **India Update Regulatory Landscape, NRI Investments, and Pitfalls** which was conducted in collaboration with ELAN. All the events were well-attended and appreciated by members.

We received numerous article write-ups, poems, arts from our members which are indubitably sufficient to hold the interest and admiration of the readers. We are sure that the positive attitude, hard work, sustained efforts and innovative ideas exhibited by our members will surely stir the minds of the readers and take them to the surreal world of unalloyed joy and pleasure.

We would love to hear your feedback and ideas on what you would like to see in the coming time. We sincerely hope that you enjoy reading this edition and continue contributing towards the magazine.

Sincerely,

Editorial Team

NON-TRADITIONAL and NON-CONVENTIONAL AREAS FOR PRACTICE BY A CHARTERED ACCOUNTANT

CA Kannan Sundar Rajan

Governments across the globe are constantly investing their time and energy in uplifting GDP and Economy of their respective nations. This is possible only if they have top productivity in all sectors and in turn by employing professionals to run their corporates and business entities. If we take top Positions in any entity namely an Independent Director, Internal Auditor or the CEO, the individuals holding these positions will be a Professional Accountants working in Corporates.

- A competent professional accountant in business is an invaluable asset to the company. Accountancy professionals in business assist with corporate strategy, provide advice and help in reducing costs, improve their top line and mitigate risks.

When we talk about professional accountants, we are referring to none other than Chartered Accountants as recognized by The Institute of Chartered Accountants of India, but on a different note the world of Chartered Accountancy comes with four types namely:

Chartered Accountant Audit - Chartered Management Accountant - Chartered Certified Accountant - Chartered Finance and Public Accountant

And each one displays varied professional competencies, whether in business or in practice.

The Institute of Chartered Accountants of India on their part has set up expert panel to support CAs.

In an apparent bid to enhance audit quality, ICAI has set up an expert panel to support practicing Chartered Accountants. It will address queries and concerns on auditing aspects related to statutory audits.

With rapidly evolving business environment, introduction of new-age companies and startups, increased number of going public, and increasing regulatory and reporting requirements, the role of auditors has increased manifold.

With this understanding in the backdrop and having been triggered by attending a virtual mentorship program on "How to Develop Growth Mindset, Developing Practice Globally, Nationally and State-level in Traditional and Non-Traditional Areas" conducted by CPE Committee of ICAI recently, I am desirous to undertake further research and in particular to show more light on the Positive aspects of concentrating on the Non-Traditional and Non-Conventional Areas of Practice and the expected gains therefrom for any Practicing Chartered Accountant.

PROFESSIONAL PRACTICE BY A CHARTERED ACCOUNTANT

- In the Corporate World of Large and Medium Businesses, it is often enquired, especially when one comes across Successful Entities, as to "Who is the CEO?" and more particularly as to Who is the Professional Financial Accountant, when we come across Cost Effective and Profitable Business Enterprise.
- Post liberalization, privatization and globalization Chartered Accountancy have become most sought after and a rewarding Career in terms of prospects in India as well as abroad.

It is to be realized here that we are talking about a Professional Chartered Accountant who is part of an entity either as a founding CEO or as an employee.

As well there is a **breed of professionals who will be referred to as Practicing Chartered Accountants.**

- These Practicing CAs apply their expertise and exposure to multifarious Acts, Laws, Rules & Regulations and Provisions of Social Laws that includes Companies Act, Labor Laws, Direct and Indirect Taxation Laws, Commercial Tax Laws as also to Forensic Accounting and Fraud Detection and Cyber Crimes.
- A practicing Chartered Accountant is his own boss and acts in a professional manner and in line with maintaining his professional ethics, acts responsibly towards running his/her own firm as also as a Partner in his Partnership Firm, towards those Interns and Articled Clerks working under him and inculcating an environment of Discipline and well behavioral working culture.
- A Successful Practicing Chartered Accountant, takes care of the running his firm and its overheads by well planned acquisition of clients and taking care of their requirements by well executed services and timely generating the expected Revenue.
- Also, a practicing-chartered accountant is required to have a well-mannered Socializing in public, by direct contact or through the widely available digital communication. He should have a good calculative mindset when it comes to accepting a professional service by well-planned cost calculation for the service and for reasonable billing on the Client.
- A Practicing Chartered Accountant is well regarded in the Corporate World and in Public in general. It is a well-known fact that an Auditor's Report on the Financial Standing of an enterprise or a Corporate Entity remains a vital document as being considered by both existing and ensuing investors as well as government entity including the Court of Law.

TRADITIONAL AND CONVENTIONAL AREAS OF PRACTICE BY A CA

- Chartered Accountants are considered as the backbone of any economy, since they have the ability to fine tune the short comings in any society in terms of its economy and financial standing. Chartered Accountants have an extremely important role in the success and proper implementation of

the laws passed by the government from time to time, particularly the Insolvency and Bankruptcy Code. Under this code when a Company has been declared bankrupt, then its control will be passed on to an insolvency practitioner.

- The Work of a Professional Chartered Accountant starts the moment he/she takes up an assignment under his/her purview and ends the moment he/she puts his/her signature in the related Report as a culmination of the said assignment. Thus, the Signature of a CA has more value and will be considered as a final authority in any court of law that includes The Parliament of the ruling government.
- Unlike Lawyers and Legal Experts who will be summoned by a Corporate Client to act in defence after the disputable event has taken place, Chartered Accountants will be summoned to take pre-emptive measures prior to or in advance, so as to safeguard the Company's Assets or Resources.

The Four Pillars of Traditional Areas of Practice by a Professional Chartered Accountant are:

Audit Assurance

Financial Accounting

Direct and Indirect Taxation

Financial & Data Analysis (Management Accounting)

- Chartered Accountants are well trained to carry out their practice in the traditional way and will be at their best when it comes to Reporting and Service to their Clients. Professionals in general, they be CA/CS/CPA/CMA come out with a blend of knowledge and training in the above areas and on top of these can be most reliable in subjects like –

Data Analysis - Business Strategy - Technology - Communication - Economics- Business & Legal Drafting.

Chartered Accountants as well as other professionals like CPAs etc. are most sought after for advice over business decisions considering the fine blend of legal implications, tax implications, financial implications cost implications, management & internal controls, risk management etc..

In the recent past, National as well as International markets are looking for professional expertise to deal with Forensic Services, E Commerce, Startups and MSMEs, Cyber Security, Digital Economy and Data Protection Services Guidance on Recovery Mechanism, Insolvency and Bankruptcy etc..

Professional Chartered Accountants have an important role to play while executing their services in terms of maintaining:

- **Confidentiality, Trustworthiness, Integrity and to Maintain Professional Ethics**
- The world of a practicing Chartered Accountants is getting competitive by every passing day, as every qualified professional is thriving to deliver his/her best.
- **In such a scenario, let us make an attempt to identify and unearth the "Non-Traditional and Non-Conventional areas", that can be taken up by practicing Chartered Accountants.**

NON-TRADITIONAL and NON-CONVENTIONAL AREAS OF PRACTICE BY A CHARTERED ACCOUNTANT

- 15th July'2022 has been a remarkably important day for 12,449 Successful Fresh Chartered Accountants who appeared for their Final Examination held in May'2022. In other words the World of CHARTERED ACCOUNTANTS has to accommodate a fresh batch of successful students and with that the Competitiveness of these professionals to serve the society becomes more intense. Of these fresh CAs we may not know as to how many of them choose the prestigious Professional Practice either individually or in partnership with a colleague, but still, it is open for them to realize that there are umpteen number of Traditional as well as Non-Traditional areas of Practice in this society both at their State level or National Level as well as at International level in the capacity of a representative of an MNC having international operations.
- We have covered in the previous chapter, those areas of Traditional and Conventional arena to practice as a Chartered Accountant and hence it

is time to cover those Non-Traditional and Non-Conventional Areas of Practice as a CA.

- The Need or Necessity for a professional chartered accountant to look out for Non-Traditional areas of practice:
- Qualified chartered accountants can easily be identified from an ordinary accountant from the way he handles client's requirements, vis-à-vis Review and Analyze data and presentation of a Financial Statement with all its supporting schedules and documents. Same time we have hundreds of qualified chartered accountants to do this, and it becomes monotonous over a period of time during the course of his Audit Practice.
- At this point he might be looking for some change of operations in his regular practice as also to give a tough competition to his fellow professionals and particularly to earn an uninterrupted income for his business or practice as a Chartered Accountant.
- In order to support such professionals looking for Non-Traditional and Non-Conventional areas of Practice, we take pride in providing these areas in brief:

1. **Transfer Pricing**
2. **Payroll Processing**
3. **Forensic accounting and Fraud Prevention**
4. **Valuation**
5. **RERA Certification and Compliance**
6. **Startup and MSME**
7. **Accounting under CST Act, Return Filing and Periodical Consultancy**
8. **Mergers and Amalgamations**
9. **Consultancy under Succession Laws**
10. **Aatma Nirbhar Bharat Projects**
11. **Teaching and Professional Coaching for Students of CA, CS and CMA.**
12. **Agricultural and Rural Development**
13. **Sustainable Economic Development**
14. **Consultancy under Charitable Societies Law**
15. **State Laws Regulating Chit Funds**
16. **Consultancy Under Stamp Duty Act**
17. **Consultancy Under Labor Laws**
18. **Cooperative Societies**
19. **Finance for Non-Finance Executives**
20. **Opportunities under Companies Law-Liquidation, Oppression and Mismanagement.**

On a Conclusive note each of the above avenues open for a Practicing Chartered Accountant shall be dealt with in detail through another Article. Please be on the lookout. Thank You.

WD Gann's Theory Strategy - Some Rules of the stock market

CA Clifford D'souza

Rule :1

If the high price of the entire week is achieved on Friday, expect higher prices next week.

Rule 2

If the low price of the entire week is achieved on Friday, expect much lower price next week.

Rule 3

In a highly uptrending market weekly low's is achieved on Tuesday

Rule 4

If market is in strong down trend (if main trend is down), the weekly highs are generally achieved on Wednesday.

Rule 5

When the price crosses the high of the last four weeks, it's an advance indication of more higher prices.

Rule 6

When the price breached the low of the last four weeks, it's an advance indication of more lower prices.

Rule 7

In an up trending market if the prices breaks the 30 DMA & remain below it at last for 2 consecutive days, it tells us of a much more great correction (vice-versa).

Rule 8

If the market rises for 5 consecutive days, there is a high probability that correction will be last for 3 days. (Ratio is 5:3).

Rule 9

When the price starts rising from a particular level, Rs.100 or 100% rise whichever is earlier becomes a strong resistance.

Rule 10

When price crosses the high of the last 3 days it tells us about much more higher prices on the 4th day. (Traders can buy it on the 4th day and place a SL order Rs. 3 below the last 3 days high) (vice-versa).

Rule 11

If subsequent correction is greater than the previous correction both in terms of price & time magnitude, this is an advance indication that trend is changing.

Rule 12

50% of the last highest selling Price is the strong support area. Any stock which is trading below this 50% level is not the useful for investment.

Rule 13

If a price is rising for 9 consecutive day's at a stretch, then there is highly probability for a correction for 5 consecutive days. (Ratio is 9:5)

Rule 14

Don't ignore a double bottom & triple bottom signal on a monthly chart, after a minimum gap of 6 months. (advance indication for mid term investment)

Rule 15

Don't ignore a double top & triple top signal on a monthly chart, after a minimum gap of 6 months. (Not the right place for investment / entry, price may fall)

EXPERIENCE AMAZING

Executive Committee 2022-23

It is a proud moment for BCICAI, we have elected the first women Chairperson to lead our chapter for the next term.

The following is the list of Executive Committee for the year 2022-23.

- CA Sharmila Shet, Chairperson
- CA Sthanumurthy Viswanathan Meera, Vice Chairperson
- CA Nisha Sharma Kotwani, Secretary
- CA Clifford D'Souza, Treasurer
- CA Ekansh Agrawal, Joint Secretary
- CA Flenil D'Souza, Joint Treasurer
- CA Shribharathi Maheshkumar, Excom Member
- CA Aswathy Udayarajan, Excom Member
- CA Abhishek Gupta, Excom Member
- CA Ankush Malhotra, Excom Member
- CA Sumeet Khopkar, Excom Member

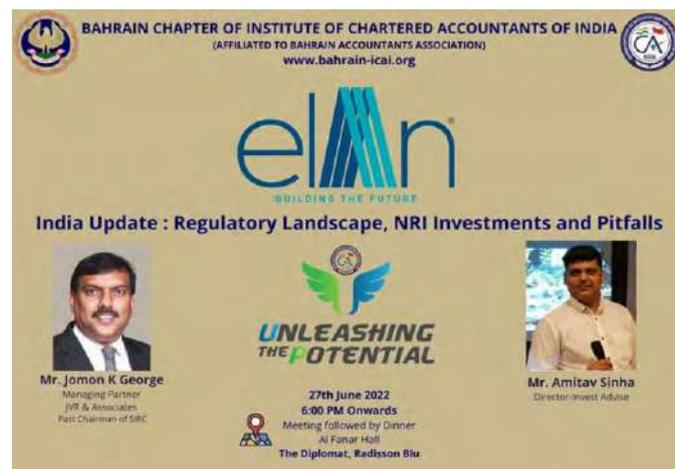

Wishing the new team all the best, and a great year ahead.

India Update Regulatory Landscape, NRI Investments, and Pitfalls

BCICAI conducted the election meeting followed by a technical session on the topic "India Update: Regulatory Landscape, NRI Investments and Pitfalls" conducted in collaboration with "ELAN". The session includes insights on the Indian regulatory landscape and NRI pitfalls by eminent Chartered Accountant and past Chairman of SIRC of ICAI, CA Jomon K. George, and an overview of NRI investment avenues by Mr. Amitav Sinha, Director - Invest Advice.

The event was attended by more than 150 members.

Tree Plantation

BCICAI successfully carried out a tree planting event at Bhavan's School. Each of the saplings were planted along with signages naming the members sponsoring them. We thank all the members for the excellent participation and generous sponsorship. We look forward to your ongoing support in our forthcoming events.

“NAVIGATING INVESTMENT MAZE IN THIS DECADE : RISING COMPLEXITIES AND THE NEW NORMAL”

The BCICAI conference titled “Navigating Investment Maze in This Decade: Rising Complexities and The New Normal” was held on 8th June 2022 at Crowne Plaza, Bahrain. The event was attended by members and other invitees. Our guest speaker, Mr. Mohit Ralhan, Managing Partner & Global Chief Investment Officer from the TIW capital group, spoke exponentially of how macroeconomics impacts the markets and the economy’s pricing. He shared an insightful presentation on how we can navigate through the investment maze in this decade along with the rising complexities and the new normal in the global economy. He spoke on various strategies which can be followed to ensure that returns are consistently achieved even during difficult times. The speaker stressed that a good fund manager should also be able to get good returns in difficult periods.

He further spoke on how the stock exchanges have been growing simultaneously and how inflation, money supply, and interest rates invariably affect any country’s long-term wealth and economy.

The speaker also statistically explained how history repeats itself in the market, making the session more informative and interesting for the members. The session was attended by more than 100 participants.

We thank everyone who supported us and made this seminar a grand success.

International Yoga Day

BCICAI celebrated the 8th International Yoga Day under the patronage of the Embassy of India, Kingdom of Bahrain by organizing a Yoga Day special Quiz (Virtual through Kahoot!) for School Children in Bahrain.

His Excellency Mr. Piyush Srivastava, Ambassador of India to the Kingdom of Bahrain was the Chief Guest for the inaugural session. The quiz was conducted by CA Maheshkumar Narayan.

The event was attended by 500 children.

Winners of Yoga Quiz Competition

Viswadath Edachali Rajesh

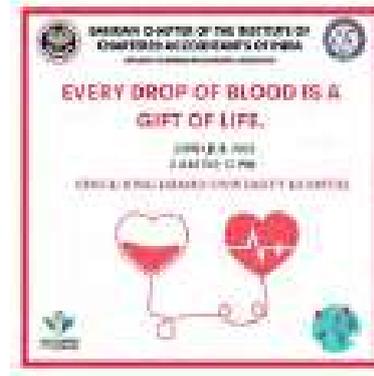

Vidhu Vilas

Fadhil Ahamed

BCICAI Blood Donation Drive

BCICAI organized a blood donation drive at King Hamad University Hospital. We thank all members and families for the overwhelming support for the blood donation campaign.

Badminton Tournament 2022

BCICAI conducted a Badminton Tournament followed by a CA day celebration.

CA Ekansh Team won first place and CA Zaki Team won second place.

We thank all the participants and family members for making it a memorable event.

Media Coverage

Bahrain CA's review World Macro Economic Situation

TDT | Manama

BCICAI, Bahrain Chapter along with TIW Capital Group hosted a seminar on the rising complexities of the global macro environment, and how can investors navigate this investment maze to insulate their investment portfolio.

The knowledge seminar was held at the Crowne Plaza in Bahrain last week.

Mohit Ralhan, the Managing Partner of TIW Capital Group, drew upon his more than two decades of Fund management, investment, consulting, and operating experience to make investors aware of the multiple pitfalls or multiple bazookas, as he termed them, that can fire on their investment portfolio and offered his insights to create

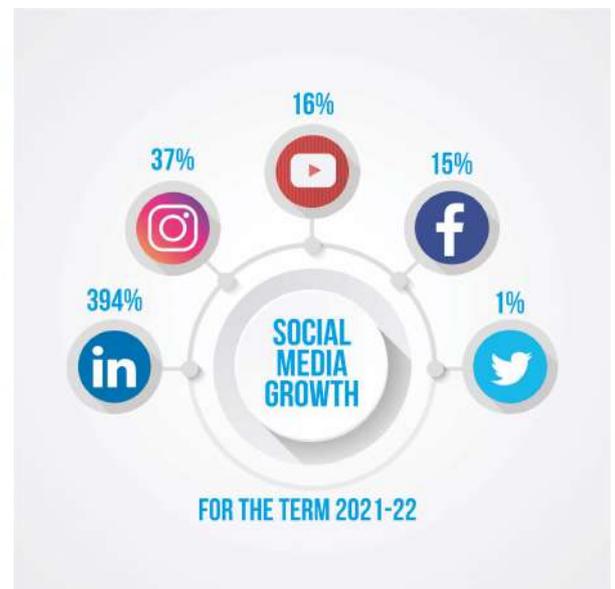

Participants during a photocall

effective mitigants.

Ralhan gave multiple examples of previous economic contractions to differentiate between recession and depression. He pointed out that during complex times where there is an interplay of multiple macro-economic factors, central banks not only cut interest rates but

also money supply, and this dual action, often, creates a chain of events, leading to elongated recession or depression. He took the audience through case studies of 1929's great depression and the short-lived recession of the post-war 1940s to not only drive home his point but also make investors learn from the

history. Ralhan emphasized that the current environment looks more complex in comparison to the previous pre-recession environments since a pandemic, an impending war, a pent-up demand, supply disruptions, labour shortages & higher wage hikes resulting in persistent inflation.

BCICAL speechcraft program 2022 was successfully held and conducted by Team ICAB. This year the Speechcraft (SC) workshop was conducted in physical meeting format and was attended by 17 participants. The workshop was spread over 6 week period (Every Friday from June 10th to July 15th) covering various aspects of public speaking skills and provided an opportunity to BCICAL members and their immediate family members to improve and build their confidence to engage on professional and social front and upgrade their communication and listening skills. A Grand Finale session was also held amongst the participants who displayed a scintillating performance in the International speech and Table topic categories and winners were selected by a group of external proficient judges from Toastmasters fraternity.

Speechcraft Finale 2022 winners		
Position	International Speech	Table Topics
First	SC Kaushik P	SC Morvin
Second	SC Prema D'Souza	SC Kaushik P
Third	SC Maria Ann	SC Prema D'Souza

With Toastmasters, the learning never stops.

ICAB meetings are now being held in physical mode twice a month. Our fortnight meeting are held on 1st and 3rd Wednesday of each month @ 7.15pm onwards. We would be delighted to welcome you to attend the club meetings as a Guest and have a feel of the Club experience.

Let's Meet	
Aug 10th 2022	Meeting#425
Aug 22nd 2022	Meeting#426

C2A TOASTMASTERS CLUB

(COMMUNICATE 2 ACHIEVE) SPONSORED BY ICAB TOASTMASTERS CLUB IN JUNE 2019

TM Varunica Kasinath
Vice President – Membership (2022-23)

Felicitation Ceremony of Outgoing Excom (2021/22)

The most effective motivation for anyone is the recognition of their efforts and achievements! The felicitation had commenced with our Past President TM Anjali Gupta for having led the club to the highest recognition from TMI 'Presidents Distinguished Club'. She also recognized the efforts of all executive committee members for their enthusiasm, hard work and dedicated leadership in support of the President. She presented the club's achievements in the year 2021-2022 aligned with the theme of 'Engage, Enrich, Empower'. It was a proud moment for all of us. She congratulated each executive committee member, all members of C2A for their extraordinary support and wished the incoming executive committee greater success in the journey ahead.

Mementos were presented for each executive committee member recognizing them for their efforts and outstanding leadership during the term in the presence of our Division A Director DTM Sanjay Gupta and Area 7 Director TM Shruti Sharma.

A video presentation showcasing the Journey of C2A Toastmasters Club in the year 2021-2022 was done by our vibrant past VP-PR TM Varunica Kasinath. As the video was being presented, the members of C2A, the families and the audience were all reminded of the proud achievements of C2A in the past year.

THANK YOU OUTGOING EXCOM 2021-2022

- | | |
|---------------------|----------------------------------|
| President | TM Anjali Gupta |
| VP-Education | TM Priyanka Purohit |
| VP-Membership | TM Puspita Roy Choudhury |
| VP-Public Relations | TM Varunica Kasinath |
| Secretary | TM Shraddha Rokade |
| Treasurer | TM Neelam Gupta |
| Sergeant At Arms | TM Vijayalakshmi Krishnan |

Installation Ceremony of Incoming ExCom (2022/23)

The new officers were installed in accordance with the parliamentary procedures by our Area 7 Director TM Shruti Sharma. Every executive committee member was briefed of their roles and responsibility by the installation officer TM Shruti Sharma as the gavel was passed on from one executive committee member to the other from the Sergeant at Arms to the President.

Our Past President & Club Mentor TM Anjali Gupta pinned the officer badges on the new executive committee members wishing them continued success.

The incoming President TM Priyanka Purohit in her acceptance speech vowed to take the club to greater heights with the support of the members. She has chosen 'Individual Excellence, Collective Triumph' as the theme for this term.

The new executive committee of C2A Toastmasters Club took charge from the 1st of July 2022.

WELCOME INCOMING EXCOM MEMBERS (2022-2023)
